

# Adding the RefGrab-It link to Firefox

These instructions are intended to be additional information to those already provided within RefWorks on the **RefGrab-It** page (<http://www.refworks.com/RWSingle/BookMarklet.asp>). If you are not able to drag and drop the **RefGrab-It** link on your toolbar, the following should assist you.

1. In RefWorks, please open the **RefGrab-It** page from the **Tools** menu.

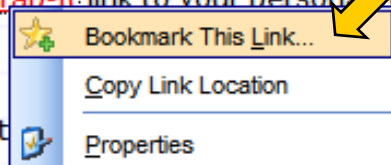

2. Locate and right-click on the **RefGrab-It** link and select **Add to Favorites...**  
— you want to use RefGrab-It, just select Favorites, Links, RefGrab-It.

## Firefox:

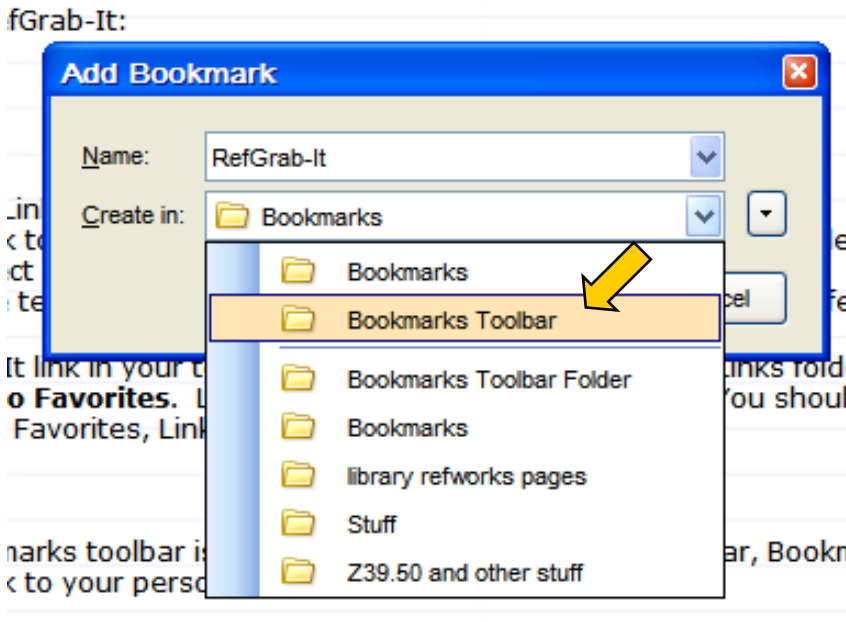

1. In Firefox, make sure your bookmarks toolbar is selected and displayed (
2. Drag and drop the **RefGrab-It** link to your personal toolbar.

## Netscape:

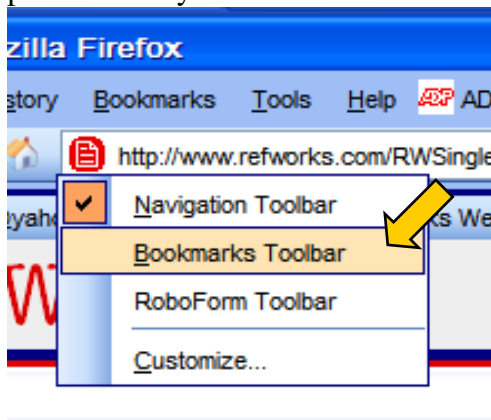

- ◆ RefGrab-It is not current ser.

3. Select the **Bookmarks Toolbar** folder from the list of available folders and select **OK**.

4. If not already available, you will have to activate the **Bookmarks Toolbar** by right-clicking within the toolbar space (see arrow on the right below) and selecting the **Bookmarks Toolbar** entry which will result in what is pointed out by the arrow on the left below.

5. Or, you may activate the **Bookmarks Toolbar** menu by selecting it from the **View** menu in Mozilla Firefox as seen below (Mozilla Firefox > View > Toolbars > Bookmarks Toolbar).
